NICHOLSON**

# BRAND STATEMENT

Both in textile promotion and in corporate fashion wear **JAMES & NICHOLSON** and **myrtle beach** are meanwhile among the best-known and most popular brands. The product diversity of the two product lines is unparalleled and is expanded every year by around 100 fashionable novelties. In the fields of sports, leisure, business and work there is hardly any top or headgear which is not included in the diverse product line.

**JAMES & NICHOLSON** stands for functional sportswear for almost every sport, for trendy leisurewear and jackets as well as for classic business wear and sturdy workwear. For all everyday situations **JAMES & NICHOLSON** offers suitable clothing for ladies and men. Most basics are available in almost 40 colours as well as in outsizes up to 6XL.

Fashionable and functional headwear as well as trendy accessories, which can be combined very well with the **JAMES & NICHOLSON** collection, that is what **myrtle beach** stands for. The wide range of cap shapes and cap designs is unique and at the same time innovative, for a few of the products of **myrtle beach** are prize-winning. In recent years the Promotional Gift Award has been won several times by clever cap inventions which have definitely enriched the promotional market. The headwear brand is extended by trendy scarfs, gloves and the large spa collection, which offers terry products for sports and the catering trade in more than 20 colours.

# RESPONSIBILITY

## SOCIAL COMPLIANCE

As members of the 'BSCI/Business Social Compliance Initiative' we commit ourselves to implementing the BSCI code of conduct as part of our business relations with our manufacturers and thus to improving the working conditions within our supply chain and to producing our textiles fairly. This includes our clear commitment to the employees' right to freedom of assembly, protection against discrimination, and an adequate remuneration, that is, at least the statutory national minimum wage.

Another central component is the occupational safety regulations. That is how we guarantee that the occupational safety regulations of the ILO (International Labour Organisation) are met. Child labour, forced labour or precarious jobs are not tolerated. Several social compliance departments in the countries of production test all the factories thoroughly and make sure that these conditions are met.

## PROTECTION OF THE ENVIRONMENT

All the products of **JAMES & NICHOLSON** and **myrtle beach** are produced in an environmentally friendly and sustainable way.

## QUALITY STANDARD

The merchandise is regularly tested by certified testing institutes in the countries of production regarding the given parameter. Moreover, in cooperation with SGS, Testex, Hohenstein and other renowned institutes the quality is continually controlled.

## OEKO-TEX® STANDARD 100

This standard guarantees that textile and non-textile product components pose no threat to health.

## ADHERENCE TO THE REACH - REGULATIONS

We assure you that when manufacturing our **myrtle beach** products and **JAMES & NICHOLSON** textiles we meet the obligations of the REACH-regulations.

# FUNCTIONS & FEATURES

**BREATHABILITY / PERMEABILITY TO VAPOUR**  
 Functional textiles must have the ability to transport moisture from the skin to the fabric surface as fast as possible. Permeability shows how much steam in grams can evaporate on a surface of 1 m<sup>2</sup> within 24 hours. The higher this figure, the more breathable the textile is.

**WATER COLUMN**  
 The ability to withstand water pressure without moisture penetrating into the material is given by the water column (mm). The minimum standard is a water column of 1,500 mm.

**TAPED SEAMS**  
 To avoid moisture penetrating into the fabric, seams and stitches can get taped. Taped seams are 100 % water-proof.

**BIONIC-FINISH®ECO**  
 BIONIC-FINISH® was developed, following the example set by nature, 'learning from nature'. The textile is protected against water and dirt by a very thin crystalline structure.

**THINSULATE™ INSULATION**  
 The light-weight thermal insulation affords optimum protection against cold despite its minimum thickness. It even keeps you warm in damp or wet conditions. Thinsulate™ INSULATION offers excellent comfort and allows optimum room to move. It is extremely breathable, durable and easy-care.

**SOFTSHELL**  
 Softshell with TPU membrane consists of three layers. Due to the microporous TPU membrane as middle layer the material is water-proof, wind-proof and breathable at the same time.

**EASY CARE**  
 This special finish makes shirts and blouses especially easy to iron. To preserve this function the textiles should not be overdried in the tumbler and you should avoid using an overheated iron.

**NON IRON**  
 This special finish makes shirts and blouses iron-free: All you have to do is wash them, dry them and put them on. To preserve this function, these textiles should not be overdried in the tumbler and you should avoid using an overheated iron. If necessary, seams can be ironed at a low temperature.

**CAPS FOR PRINTING**  
 Caps with this label are ideal for printing and embroidering. The construction of the caps leaves a lot of space so the cap is easy to decorate, with the logo presented to perfection.
